### UNION.

UNION, May 18.—Rev. M. E. Gabard preached a very interesting sermon at this place this evening. Rev. Ryan also preached at this place last night. Miss Ethel Bratton, of Little Lot, spent a few days with her aunt, Mrs. Lizzie Fitzgerald, near this place. Miss Edie Husbands is at this writing.

It is with a sad heart that we speak of the death of our dear friend, Mrs. Cora Walker, who died at her home in Nashville on May 4. The remains were brought to her father's home in Knob Creek, and the funeral service was conducted by Rev. W. E. Walker at 11 o'clock, the remains being laid tenderly to rest at this place. She leaves surviving her devoted husband, four children, father, mother, brothers, and a host of friends to mourn her death. She lived at this place until a few months ago, when she moved to Nashville. She professed faith in Christ when young and joined the Baptist church. She was a good and pious Christian woman, and was always ready to work for her Master. Santa Fe Baptist church has lost one of its best members. She will not only be missed by her church, but by her friends and her missionary society. She was always ready to help the poor. We are truly glad to say that such a good, noble Christian as she has lived in our midst, and pray her example may be emulated by her many friends who are left to mourn her death. May God bless her little children, that they may strive to meet with her on the other shore. We extend to the bereaved husband, children and other relatives our heartfelt sympathy. May the Lord be with her children, that they may follow her example.

The school closed on last Friday at this place. We thank our dear teacher very much for his kind treatment. I remain as ever, LEO.

A lazy liver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a waste as well as a stupid thing to beat a weary man or a starving man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred, a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Eat in a proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the burdens imposed upon it by the defection of other organs.

### GOSHEN.

GOSHEN, May 14.—As I have not written to the HERALD in some time, I thought I would try and jot down a few items for the ever welcome HERALD. A great many from here attended the district conference at Santa Fe. We are glad to report Miss Fuss Gidcomb very much improved. Mr. John Roach and granddaughter Miss Pearl, have returned home after spending a few days with relatives in Mt. Pleasant. Mrs. Roach is still on the sick list. Mrs. Lou Skelley is visiting relatives at this place. Mr. Matthew Roberson is visiting his sister Mrs. Etta Blackburn at this place. Miss Beckie Walten is suffering very much with her foot from a burn that she received several weeks ago. Thank you, "Little," for your kind remembrance of "Elenor." We would like to hear from you often, for we enjoy reading your letters. As news is scarce we will close, hoping to hear from you next time. ELENOR.

Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists, price 75c. per bottle. ### TIMMONS.

TIMMONS, May 14.—This beautiful Monday morning I sit me down, give my cranium a thoughtful scratch, and set my mind to work gathering up the news, that I may pen it here, hoping thereby to interest someone. Bro. Seay failed to fill his regular appointment at Godwin Chapel yesterday. Several from this place attended conference at Santa Fe yesterday. All report a good time. Mr. and Mrs. Ed Stone spent part of last week with their son, near Williamsport. Mr. and Mrs. Forgy Fraser have been the guests of Godwin relatives since my last. Mrs. C. V. Hull has been on the sick list. Farmers are very much crowded with "candidates" and "bad worms" now. J. S. Rushton, of Columbia, is spending several days in the country, fishing and hunting. We are sorry to report Mrs. Lou Vestal, in bad health. Mrs. Jones, of Mt. Pleasant, has been the guest of her daughter, Mrs. Shorter Forgy. Mr. Walter Forgy spent part of last week in Nashville. Miss Anna Stone will spend part of June in Robertson county. Mrs. John Thomas has returned home after spending a few days on Pear Creek. Well, as news is scarce, I will close. LITTLE ECHO.

## T. N. FIGUERS.

### SOON TO MAKE ARMS.

Rock Island Arsenal to be Equipped for the Manufacture of Guns.

Owing to a mistake in an estimate made last year by the Ordnance Bureau of the War Department, the Rock Island Arsenal has not been equipped for manufacturing small arms, and it will be necessary to secure an additional appropriation at this Congress before the work of installing machinery will begin. A movement of this kind is on foot, and one of the general appropriation bills will carry an appropriation of at least \$500,000, so as to enable the War Department to place the machinery in the buildings at Rock Island for the manufacture of small arms of the latest pattern.

Last year the House committee on military affairs asked the Ordnance Bureau to prepare an estimate of cost for equipping those buildings. This was done, and the amount was fixed at \$500,000. This was appropriated last year, and is now at the disposal of the Secretary of War. Congress had hardly adjourned, however, when it was learned a serious mistake had been made in the estimate, and that \$500,000 would be needed instead of \$350,000. As the amount at the disposal of the Secretary of War was less than half of that required, it was decided to do nothing in the matter until the money necessary to fully equip Rock Island should be appropriated by Congress.

Col. Marsh, who was instrumental in having the original appropriation made, and Representative Cannon, chairman of the appropriations committee, now have the matter in hand, and it is quite certain the deficit will be made up, and during the summer the work of equipping Rock Island for turning out about 1,200,000 Krag-Jorgensen rifles will begin.

### Its Mission.

There is room for just 13 persons in each of the automobile stages that are now operated in Fifth Avenue, New York. If the horseless carriage results in nothing but the abolition of the 13 superstition, says the Chicago Times-Herald, it will be well worth all it has cost.

### Ohio Village Marvel.

"Who? That man? Yes, I see him. What is there peculiar about him?" "That man, sir, was offered the postmastership of this town, and refused it!"

"Too independent to be willing to hold a government office?" "I don't know about that. The theory here is that he is a little bit crazy."—Chicago Tribune.

### Both Mistaken.

## RIDDLED WITH BULLETS.

William Willis, Colored Murderer, Taken From the Officers and Put to Death Near Augusta.

Atlanta, Ga., May 15.—Gov. Candler, upon the request of authorities, has ordered four companies of state troops stationed at Augusta, Ga., to hold themselves in readiness to prevent the lynching of William Willis, a Negro, who killed Alexander Whitney Sunday night. It is reported here that serious trouble is feared in Augusta, as the people are determined to revenge the death of the young man. The trouble arose on a street car, where the Negro, unable to get a seat, sat in Mr. Whitney's lap. The Negro shot Whitney, causing almost instant death. Officers who arrested Willis started to Savannah and Atlanta for safety, but were prevented by two mobs which watched their movements. The Negro is now held in Augusta.

Augusta, Ga., May 14.—After Gov. Candler had ordered the militia to prepare to protect William Willis from a mob, the coroner of this (Richmond county) was notified that Willis was taken from a Georgia railroad train en route to Atlanta by a mob and held in the woods during the night awaiting identification. A few minutes after 10 o'clock Monday morning an attempt was made to lynch him, the rope, however, broke. Willis fell to the ground and was in an instant riddled with bullets. A placard was pinned on him giving warning to like offenders. The coroner will investigate.
